GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 24th August, 1927 :—

L. A. BILL NO. 39 OF 1927.

A Bill further to amend the Indian Penal Code and the Code of Criminal Procedure, 1898, for a certain purpose.

WHEREAS it is expedient further to amend the Indian Penal Code and the Code of Criminal Procedure, 1898, for the purpose hereinafter appearing; It is hereby enacted as follows :—

XLV of 1860.
V of 1898.

XLV of 1860.

Amendment of Act
V of 1898.

3. In the Code of Criminal Procedure, 1898, the V of 1898.
following amendments shall be made, namely:—

(i) in sub-section (1) of section 99A, after the words "His Majesty's subjects" the words "or which is intended to insult the religion or outrage the religious feelings of any such class" shall be inserted, and after the figures and letter "153A" the words, figures and letter "or section 295A" shall be inserted;

(ii) in section 196, after the word, figures and letter "section 294A" the words, figures and letter "or section 295A" shall be inserted:

----------	--	-----------------------------------	---------	----------------	---------------------	---	--

and

(iv) in the same Schedule, for the entries in the third fourth, fifth, sixth and eighth columns relating to section 296 of the Indian Penal Code, the following entries shall be substituted, respectively, namely:— XLV of 1860.

" May arrest without warrant	Summons ...	Bailable ...	Not com-poundable.	Presidency Magistrate or Magistrate of the first or second class."
------------------------------	-------------	--------------	--------------------	--

STATEMENT OF OBJECTS AND REASONS.

The prevalence of malicious writings intended to insult the religion or outrage the religious feelings of various classes of His Majesty's subjects has made it necessary to examine the existing provisions of the law with a view to seeing whether they require to be strengthened. Chapter XV of the Indian Penal Code, which deals with offences relating to religion, provides no penalty in respect of writings of the kind described above. Such writings can usually be dealt with under section 153A of the Indian Penal Code as it is seldom that they do not represent an attempt to promote feelings of enmity or hatred between different classes. It must be recognized, however, that this is only an indirect way of dealing with acts which may properly be made punishable themselves, apart from the question whether they have the further effect of promoting feelings of enmity or hatred between classes. Accordingly it is proposed to insert a new section in Chapter XV of the Indian Penal Code, with the object of making it a specific offence intentionally to insult or attempt to insult the religion or outrage or attempt to outrage the religious feelings of any class of His Majesty's subjects. Certain amendments are also proposed in the Code of Criminal Procedure in pursuance of the object of the Bill.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to give effect to the decision of the Government of India to remove the import duties on certain machinery and mill stores as announced in paragraph 12 of their Resolution No. 341-T. (27), dated the 7th June 1927, on the report of the Tariff Board (Cotton Textile Industry Enquiry).

2. It is considered undesirable to retain the 2½ per cent. *ad valorem* duty on printing machinery and material when the duty on other machinery is being removed. It is accordingly proposed to remove the duty on the articles included in Item 54 of the Import Tariff Schedule, as well as the duty on articles included in Items 51, 51-A and 51-B.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 18th August, 1927 :—

L. A. BILL NO. 37 OF 1927.

A Bill further to amend the Indian Tariff Act, 1894, in order to safeguard the manufacture of cotton yarn in British India.

WHEREAS it is expedient further to amend the Indian Tariff Act, 1894, in order to safeguard the cotton textile industry in British India against competition in cotton yarn produced under industrial conditions which enable such yarn to be produced at a cost below that at which it can be produced in British India ; It is hereby enacted as follows :—

Short title.

1. This Act may be called the Indian Tariff (Cotton Yarn Amendment) Act, 1927.

Amendment of
of the Second
Schedule to Act
VIII of 1894.

2. (1) In Item No. 44 of the Second Schedule to the Indian Tariff Act, 1894, after the figure and words " 5 per cent. " the figure and words " or $1\frac{1}{2}$ annas per pound, whichever is higher " shall be added.

(2) The amendment made by sub-section (1) shall have effect up to the 31st day of March, 1930.

STATEMENT OF OBJECTS AND REASONS.

The Tariff Board which was appointed to inquire into the depression in the cotton textile industry reported that, owing to the double shift working rendered possible by the night work of women, the Japanese mills producing cotton yarn possessed an unfair advantage over the Indian mills, and that this advantage amounted to 10 per cent. of the selling price at the time the Report was submitted. This advantage is only partially neutralised by the existing 5 per cent. duty. In the opinion of the Board, the Japanese mills will retain their unfair advantage until June 30th, 1929, when the night work of women will be prohibited by law.

2. More than half the total imports of yarn are of counts from 31s to 40s and about 80 per cent. of the imports of these counts are from Japan. The Board found that the unfair advantage of a mill spinning an average of 20s was 10 pies per pound, if a reasonable return on capital was taken into account, and of a mill spinning an average of 32s 16·55 pies per pound. On the basis of these figures, a duty of one and-a-half annas a pound on counts from 31s to 40s and a duty of one anna a pound on lower counts would suffice to neutralise the unfair competition of the Japanese mills. The imports of counts of yarn below 31s are, however, less than 5 per cent. of the total imports, and for administrative reasons it is not considered advisable to vary the rate of duty according to the count. It is, therefore, proposed in the Bill that up to the 31st March, 1930, the 5 per cent. duty on cotton yarn should be subject to a specific minimum of one and-a-half annas a pound. The effect will be that duty will be leviable on all imported yarn at the rate of one and-a-half annas a pound, unless the value exceeds Rs. 1-14-0 a pound, when the duty will be levied at five per cent. *ad valorem*.

3. For protective purposes, a specific duty is preferable to an *ad valorem* duty, the amount of which varies with the price and is highest when protection is least needed and lowest when the industry most requires assistance. It is for this reason that the specific minimum duty of one and-a-half annas a pound has been proposed and not an increase in the *ad valorem* rate.

4. The night work of women in the Japanese mills will terminate, it is expected, on the 30th of June, 1929, but yarn produced under double shift conditions will still be on the market for some months afterwards. For this reason, it is proposed that the specific minimum duty should continue in force until the 31st March, 1930.

CALCUTTA, THE 20TH SEPTEMBER 1927.

RESOLUTION—No. 642T.R.

READ—

The Final Report on the Survey and Settlement Operations in the district of Bankura.

Letter No. XXV-4—753, dated the 17th November 1926, from the Director of Land Records and Surveys, Bengal, submitting the report.

Bankura is one of the poorest and most backward districts in the province. A distinctive feature of the population is the preponderance of the Sonthals and other aboriginal tribes in the western part of the district. Physically also this tract has a distinctive character showing the beginning

of those rocks and dense forests which overspread the Sonthal Parganas and Chota Nagpur. The settlement of the district was taken up largely with a view to protect these primitive tribes who were being ousted from their lands. The Bengal Tenancy Amendment Act of 1918 (Act II of 1918) imposes restrictions on the alienation of land by the Sonthals and Bhumijes, but the Act in question was passed too late to save a large proportion of these aborigines whose lands had already passed into the hands of Bengali Mahajans. Even in the subsequent period it has hardly had the effects anticipated from it, partly because it was not accompanied by the other reforms advocated in Mr. McAlpin's report which led to the passing of the Act, viz., the establishment of grain *golds* to lend rice instead of money to the Sonthals and the regular appointment of Sonthal-knowing officials. The story is a tragic one, but the report of Mr. F. W. Robertson, I.C.S., the Settlement Officer, shows that the ruin of the Sonthals is mainly due to the fact that owing to their illiteracy, improvidence and simplicity they can never cope with their more intelligent and shrewd neighbours with a higher standard of culture and literacy. Those who lost their lands either migrated to other districts or were reduced to the status of bhagidars and under-raiyats.

2. The area of the district is 2,647 square miles of which about one-fifth is covered by jungle. The population according to the Census of 1921 is 10,19,941 or 385 souls per square mile against the total of 11,38,670 or 434 souls per square mile according to the Census of 1911. This alarming decrease of 10 per cent. of the population in course of a decade has been attributed partly to the influenza epidemic of 1918-19 which caused unprecedented loss of life, but mainly to malaria. The ravages of this disease are certainly increased by the extremely insanitary condition of the villages and the Governor in Council trusts that with the introduction of the Rural Public Health Organisation scheme it will be possible to effect an appreciable improvement in this direction.

3. Of the total population, 8,05,170 souls or 79 per cent. depend upon the land, 67 per cent. being actual cultivators and their dependants. But of the total area of the district only 47 per cent. is culturable, and even this moiety suffers so much from drought and unequal distribution of rainfall that a partial or total failure of crops occurs every third or fourth year. Even in a normal year, the Settlement Officer calculates that the total yield of paddy is barely sufficient to provide 84 per cent. of the population with two meals a day. The improvement of the economic position of the district seems to depend on the reafforestation of the higher plains and the provision of ample irrigation facilities for the remainder. Both subjects have been receiving the anxious consideration of the departments concerned, and also of various local associations. Since the settlement operations were completed many co-operative credit societies have been formed for the excavation and maintenance of irrigation tanks and wells. The Irrigation Department of Government have just opened a new division at Bankura with a wholetime Executive Engineer. The Governor in Council hopes that the joint and concerted endeavours of these two progressive departments will not take long to effect a real improvement of the situation. In the meantime arrangements have been made by the Agriculture and Industries Department to start co-operative grain *golds*.

4. Though not a single plot of land has been recorded as proprietor's private land under chapter XI of the Bengal Tenancy Act it is surprising to find that very nearly half of the area of the district is in direct possession of the landlords and the other half is held by the cultivating raiyats and under-raiyats, the latter holding only 4 per cent. of the area. 16 per cent. of the area is held by raiyats on produce rent and 9 per cent. on mixed cash and produce rent, i.e., one-fourth of the whole area of the district is held on produce rent in some shape. This abnormal disparity in the distribution of land and the large proportion of produce rent tenancies are the direct effects of alienation of lands by the aborigines who are now reduced to the status of mere labourers. This state of things is undoubtedly wrong, but it is probably too late to devise any practicable remedy.

5. Over 10 per cent. of the area is held by the raiyats at fixed rates and most of the under-raiyats have got occupancy rights by custom and even fixity of rent. The incidence of rent of occupancy raiyats is only Rs. 1-12-7 per acre. This is perhaps the lowest on record in Bengal, but it is partly due to the general unproductivity of the soil.

6. Traverse survey began in 1914-15, but the operations were stopped on account of the great European War and restarted in 1917-18. They were completed in the year 1924-25. The subdivision of Asansol in the district of Burdwan was included in the operations to meet the wishes of the Mining and Geological Institute for accurate 4" maps of the coal area. The total cost of the operations was estimated at Rs. 28,62,218, but the Settlement Officer is to be congratulated on managing to complete the operations at a cost of Rs. 28,39,894 despite the increase of prices due to the war. Recovery of costs was satisfactory and only about half per cent. of the recoverable amount had to be remitted. The Governor in Council desires to place on record his high appreciation of the services of Mr. F. W. Robertson, I.C.S., who in spite of many difficulties organised and carried through the operation in this backward and inhospitable district with efficiency. The good services rendered by the Assistant Settlement Officers specially commended by the Settlement Officer will be brought to the notice of the Appointment Department.

By order of the Governor in Council,

F. A. SACHSE,

Secretary to the Government of Bengal.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

[TO BE INTRODUCED IN THE COUNCIL OF STATE.]

A Bill further to amend the Indian Limitation Act, 1908.

WHEREAS it is expedient further to amend the Indian Limitation Act, 1908, for the purposes hereinafter appearing; It is hereby enacted as follows :—

Short title and commencement.

1. (1) This Act may be called the Indian Limitation (Amendment) Act, 1927.

(2) It shall come into force on the 1st day of January, 1929.

Amendment of section 10, Act IX of 1908.

2. In section 10 of the Indian Limitation Act, 1908 (hereinafter referred to as the said Act), the following paragraph shall be inserted, namely :—

“For the purposes of this section any property comprised in a Hindu, Muhammadan or Buddhist religious or charitable endowment shall be deemed to be property vested in trust for a specific purpose, and the manager of any such property shall be deemed to be the trustee thereof.”

Amendment of First
Schedule to Act IX
of 1908.

3. In the First Division of the First Schedule to the said Act,—

(a) after Article 48, the following Article shall be inserted, namely :—

<p>" 48A. To recover moveable property conveyed or bequeathed in trust, deposited or pawned, and afterwards bought from the trustee, depositary or pawnee for a valuable consideration.</p>	<p>Three years.</p>	<p>When the sale becomes known to the plaintiff.</p>
---	-------------------------	--

Explanation.—For the purposes of this article any property comprised in a Hindu, Muhammadan or Buddhist religious or charitable endowment is deemed to be property conveyed in trust, and the manager of any such property is deemed to be the trustee thereof".

(b) Article 133 shall be omitted ; and

(c) in Article 134— *

(i) after the entry in the first column, the following *Explanation* shall be inserted, namely :—

" *Explanation.*—For the purposes of this Article any property comprised in a Hindu, Muhammadan or Buddhist religious or charitable endowment is deemed to be property conveyed in trust, and the manager of any such property is deemed to be the trustee thereof";

(ii) for the entry in the third column the entry "When the transfer becomes known to the plaintiff" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

In paragraph 16 of Chapter 41 of their Report the Civil Justice Committee recommend—

(1) that articles 133 and 134 of the First Schedule to the Indian Limitation Act, 1908, should be revised with reference to recent decisions ; and

(2) that in particular the alienation of property vested in the head of a religious institution should be specifically provided for.

2. It is understood that the first recommendation relates to the difficulties which have arisen with regard to the interpretation of articles 133 and 134 mainly as a result of the Full Bench ruling of the Madras High Court in *Seeti Kutti versus Kunhi Pattuma* (I. L. R., 40, Madras, 1040). In this case two of the Judges held that the words in column 3 must be given their literal meaning and that time must run from the date of transfer from the trustee or the original mortgagee and the date when possession was taken was immaterial ; one Judge held that the article only applies when the transferee from the trustee or the original mortgagee took possession on the date of transfer ; and the remaining two Judges held that time under the article only runs from the date when possession is obtained. The result was that the view of the first two Judges that the article operated to bar the particular suit by limitation failed. This case was considered by Richardson J. in *Naraindas versus Abdur Rahim* (I. L. R., 47, Calcutta, 866). Richardson J., held that limitation under the article begins to run from the date on which the property or the title was transferred by the trustee or the original mortgagee to the transferee. The other Judge, however, who decided that case, Shams-ul-Huda J., did not come to any final conclusion as to the effect of the article. In a later case reported in I. L. R., 50, Calcutta, page 62, Mookerjee J., said that the article referred to a case where the transfer by the trustee was accompanied by delivery of possession to the transferee, but it is not definitely clear that he intended to suggest that under the article possession must be taken on the date of transfer, and accordingly it is not certain which of the views held in the Madras Full Bench in the decision referred to above was favoured by him. These cases refer to article 134, and no cases dealing with article 133 have been traced, but the same general principle would presumably apply to both articles.

3. The Committee's second recommendation refers, it is understood, to the decisions of the Privy Council in *Vidyavaruthi versus Balusami* (I. L. R., 44, Madras, 831) and *Abdur Rahim versus Narain Das* (I. L. R., 50, Calcutta, 329). As a result of these two rulings it is now settled law that a *Dharmakarta*, *Mahant* or manager of a Hindu endowed religious property, or the *Mutwalli* or *Sajjadanushin* in whom the management of Muhammadan endowments is vested are not trustees within the meaning of the word as used in section 10 of the Indian Limitation Act, for the reason that the property does not vest in them. The result is that when a suit is brought against a person, not being an assign for valuable consideration, endowments of this nature are not protected.

4. The Committee's two recommendations are therefore :—

- (1) that it should be made clear whether articles 133 and 134 mean what they say, viz., that limitation runs from the date of purchase or of transfer, as the case may be, and that the date of obtaining possession is immaterial ;
- (2) that section 10 of the Act should be amended so as to put Hindu and Muhammadan religious endowments on the same footing as other trust funds which definitely vest in a trustee.

After consulting the Local Governments the Government of India have come to the following conclusions :—

- (1) that in the case of both the articles the period of limitation should run from the date when the sale or transfer, respectively, becomes known to the plaintiff ;
- (2) that the period in the case of article 133 should be reduced from twelve to three years ;
- (3) that Hindu, Muhammadan and Buddhist religious as well as charitable endowments should be included within the scope of both these articles as also of section 10 of the Act.

The Bill gives effect to these conclusions.

The 26th July 1927.

STATEMENT OF OBJECTS AND REASONS.

The Government have been considering for some time, in consultation with the commercial community and the officers of the Income-tax Department, the best methods of rendering illegal certain practices, now legal, which are adopted by persons desirous of evading the payment of income-tax and super-tax, and this Bill proposes to give the taxing authorities the necessary powers to check such evasion.

2. Broadly speaking, the proposals in the Bill are—

- (1) to define a 'firm', 'partner' and 'partnership' in the same sense as in the Indian Contract Act, 1872;
- (2) to give discretion to the Income-tax Officer to treat as separate assessee the individuals comprising any association carrying on business, of which only one member is competent to bind the association by his acts;
- (3) to give the Income-tax Officer discretion to treat the members of a company as separate assessee if the company restricts the right to transfer shares or limits the number of shareholders, exclusive of employees, to 50, or does not invite, or permit subscription to its shares or debentures by the public; and is under the control of not more than five members;
- (4) to permit the production by public servants before a Court of all documents or information relating to the registration of firms;
- (5) to impose penalties for failure actually to distribute shares of the profits of a firm in accordance with the provisions of the deed of partnership registered under the Income-tax Act; and
- (6) to give discretion to the Income-tax Officer to treat a registered firm as an unregistered firm if it fails to make a return of its income or to produce accounts or other documents called for by the Income-tax Officer.

3. The powers under (2) and (3) in paragraph 2 above will be exercised by the Income-tax Officer, with the previous approval of the Assistant Commissioner, and an appeal will lie against the orders of the Income-tax Officer to the Commissioner of Income-tax. Against the appellate order of the Commissioner, it is proposed to allow a reference to the High Court both on questions of fact and on questions of law instead of on questions of law only as in all other matters arising under the Income-tax Act.

RESOLUTION.

POLITICAL.

Simla, the 6th October 1927.

No. D.-4169.—The question of the adequacy of the censorship exercised over cinematograph films in India has been attracting for some time past increasing public attention and has more than once been brought to the notice of the Government of India by resolutions in the Indian Legislature. The Government of India came to the conclusion that the subject was one of sufficient importance and complexity to demand a thorough enquiry by a special committee, which will take evidence and obtain opinions from all parts of India. At the same time the question had been raised by a resolution of the Imperial Conference of 1926 whether the various parts of the Empire could take any steps to encourage the exhibition of Empire films. As all Governments of the Empire have been invited to consider this question, it appeared to the Government of India that it would be appropriate that it should be examined by the proposed Committee. This extension of the scope of the Committee's enquiry would also enable it to address itself to a question which may have a far-reaching influence on the development of the cinematograph in India, namely, the possibility of encouraging the production and exhibition of Indian films.

2. A resolution embodying these proposals was moved on behalf of Government during the last session in both Houses of the Legislature. The resolution was passed without dissent in the Council of State, while in the Legislative Assembly the discussion was adjourned on the understanding that Government would be free to proceed with their proposals.

3. Accordingly the Governor General in Council has decided to appoint a Committee which will start work at an early date. The terms of reference will be as follows :—

- (1) to examine the organization and the principles and methods of the censorship of cinematograph films in India ;
- (2) to survey the organization for the exhibition of cinematograph films and the film producing industry in India ;
- (3) to consider whether it is desirable that steps should be taken to encourage the exhibition of films produced within the British Empire generally and the production and exhibition of Indian films in particular ; and to make recommendations.

4. The Committee will be composed as follows :—

Chairman.

1. Dewan Bahadur T. Rangachariar, C.I.E., Vakil, High Court, Madras.

Members.

2. The Hon'ble Khan Bahadur Sir Ebrahim Haroon Jaffer, Kt.
3. Colonel J. D. Crawford, D.S.O., M.C., M.L.A.
4. Mr. K. C. Neogy, M.L.A., Vakil, High Court, Calcutta.
5. Mr. A. M. Green, I.C.S., Collector of Customs and Member of Bombay Board of Film Censors.
6. Mr. J. Coatman, M.L.A., Director of Public Information.

Mr. G. G. Hooper, M.C., I.C.S., will act as Secretary to the Committee.

5. The Committee will visit important centres, and will take evidence on the questions stated in the terms of reference. Persons who desire to be called as witnesses should apply in writing to the Secretary, care of Home Department, Government of India, Simla, giving their full names and addresses together with a brief memorandum of the points in regard to which they desire to give evidence. It will of course rest with the Committee to decide what evidence they will hear.

ORDER.—Ordered that a copy of the above resolution be published in the *Gazette of India* and communicated to all local Governments and Administrations for information. Also that a copy be forwarded to the Secretary to the Committee for information.

RESOLUTION.

No. 15039 For.—The 18th October 1927.—The following resolution published by the Government of India, Department of Education, Health and Lands, is republished for general information.

F. A. SACHSE,

Secretary to the Government of Bengal.

No. 1083-F., dated Simla, the 13th September 1927.

Resolution by—The Government of India, Department of Education, Health and Lands.

The Secretary of State for India in Council, in conjunction with the Government of India, has recently had under consideration the position of Indian students who have undergone, or are now undergoing, at their own expense, a course in Forestry in the United Kingdom, but have not yet taken the entrance examination for the Indian Forest Service and have now, by reason of recent changes in the regulations governing recruitment to that service, no chance of appearing as candidates at the examination. In order to give such students an opportunity of competing at the examination held in India, the Secretary of State, in consultation with the Government of India, has decided to admit to the Indian Forest Service entrance examination to be held in this country in 1928 candidates who fall within any of the four classes named below :—

- (a) Those who are not debarred by age from appearing at the competitive examination in 1926, i.e., were under 23 then, but were too old to appear at this year's examination by reason of being over 23 on 1st April 1927 ;
- (b) Those who had obtained a degree or diploma in forestry and were under 25 years of age on the 30th June 1926 ;
- (c) Those who were qualified to take the examination this year but did not do so, perhaps on account of short notice, and will be age-barred next year ; and
- (d) Those who, having obtained a diploma or degree in forestry, were under 25 on the 30th June 1927.

2. These concessions will be incorporated in the regulations for the examination to be held in India in 1928. They will apply solely to that examination. They will not operate to allow any of the candidates in question who has appeared once at the examination to appear a second time, and are confined to Indian students who are now undergoing forestry training outside India, or were undergoing such training during 1926.

ORDERED that a copy of the resolution be forwarded for information to all Local Governments and Administrations, the Public Service Commission and Inspector-General of Forests.

ORDERED that a copy be forwarded to the Foreign and Political Department for information and favour of communication to political officers and that the resolution be published in the *Gazette of India*.

The following Bill was introduced in the Council of State on the 30th August, 1927

COUNCIL OF STATE BILL NO. 7 OF 1927.

A Bill further to amend the Indian Succession Act, 1925, and the Married Women's Property Act, 1874.

WHEREAS it is expedient further to amend the Indian Succession Act, 1925, and the Married Women's Property Act, 1874, for the purposes hereinafter appearing; It is hereby enacted as follows :—

Short title

1. This Act may be called the Indian Succession (Amendment) Act, 1927.

Amendment of sections 223 and 236, Act XXXIX of 1925.

2. In sections 223 and 236 of the Indian Succession Act, 1925, the words "nor, unless the deceased was a Hindu, Muhammadan, Buddhist, Sikh or Jaina or an exempted person, to a married woman without the previous consent of her husband" shall be omitted.

Insertion of new section 10 in Act III of 1874.

3. After section 9 of the Married Women's Property Act, 1874, the following heading and section shall be inserted, namely :—

"VI.— Husband's liability for wife's breach of trust or devastation.

Extent of husband's liability for wife's breach of trust or devastation.

10. Where a woman is a trustee, executrix or administratrix, either before or after marriage, her husband shall not, unless he acts or intermeddles in the trust or administration, be liable for any breach of trust committed by her, or for any misapplication, loss or damage to the estate of the deceased caused or made by her, or for any loss to such estate arising from her neglect to get in any part of the property of the deceased."

STATEMENT OF OBJECTS AND REASONS.

As the result of a judgment in the Bombay High Court, that Court drew attention to the advisability of altering sections 183 and 189 of the Indian Succession Act, 1865, so as to make the consent of the husband unnecessary before the grant of probate or letters of administration to a married woman, and drew attention to the provisions of sections 8 and 13 of the Probate and Administration Act, 1881. In the Indian Succession Act, 1925, which is a consolidating Act, the provisions of sections 183 and 189 of the Indian Succession Act, 1865, and of sections 8 and 13 of the Probate and Administration Act, 1881, have been reproduced in sections 223 and 236.

Sections 183 and 189 of the Indian Succession Act, 1865, were based on the English law as it then existed. Since 1865, however, the law in England has considerably changed and the consent of a husband is no longer necessary. It is desirable to bring the Indian law into conformity with English law, and amendments of sections 223 and 236 of the Indian Succession Act with this object are accordingly proposed.

In English law there is a provision that a husband is not liable for any breach of trust, loss or misapplication committed by any woman as a trustee, executrix or administratrix, unless he has acted or intermeddled in the trust or administration. It is desirable that in this respect also Indian law shall be brought into line with English law, and a new section is therefore proposed to be added to the Married Women's Property Act, 1874.

The following Bill was introduced in the Council of State on the 30th August, 1927 :—

COUNCIL OF STATE BILL NO. 10 OF 1927.

A Bill to enable bodies corporate to hold property in joint ownership.

WHEREAS it is expedient to enable bodies corporate to hold property in joint ownership; It is hereby enacted as follows :—

Short title and extent.

1. (1) This Act may be called the Bodies Corporate (Joint Ownership) Act, 1927.

(2) It extends to the whole of British India, including British Baluchistan and the Sonthal Parganas.

Power for corporations to hold property as joint owners.

2. (1) A body corporate shall be capable of acquiring and holding any moveable or immoveable property in joint ownership in the same manner as if it were an individual; and where a body corporate and an individual, or two or more bodies corporate, become entitled to any such property under circumstances or by virtue of any instrument which would, if the body corporate had been an individual, have created a joint ownership, they shall be entitled to the property as joint owners :

Provided that the acquisition and holding of property by a body corporate in joint ownership shall be subject to the like conditions and restrictions as attach to the acquisition and holding of property by a body corporate in severalty.

(2) Where a body corporate is joint owner of any property, then on its dissolution the property shall devolve on the other joint owner.

STATEMENT OF OBJECTS AND REASONS.

Section 4 (1) (a) of the Indian Securities Act, 1920, lays down that when a Government security is payable to two or more persons jointly, and either or any of them dies, the security shall be payable to the survivor or survivors of those persons. Though by virtue of section 3 (39) of the General Clauses Act, 1897, "persons" includes a company or association or body of individuals, whether incorporated or not, this definition has been held to be repugnant to section 4 (1) of the Indian Securities Act, as a corporation or association may be dissolved but cannot die and there can, therefore, be no survivorship as contemplated in the latter section. Thus the law as it stands precludes the possibility of a Government promissory note being held by a corporate body jointly with an individual or with another corporate body. The position as regards joint ownership of this nature was the same in England before the passing of the Bodies Corporate (Joint Tenancy) Act, 1899.

In accordance with the above view of the law, Government and the Public Debt Offices have been treating as invalid all endorsements on Government promissory notes in favour of a company jointly with an individual. The Public Debt Office, Bombay, has been addressed on more than one occasion by corporate bodies regarding the admissibility of joint ownership of Government securities on the lines recognised by the law in England, and the Controller of the Currency has recently reported that instances of such endorsements are coming to his notice and that he has been compelled to treat them as invalid. It is, therefore, necessary to undertake legislation to remove this technical difficulty. But as there is no reason why the principle of joint ownership should be confined to securities only, it is proposed to legislate generally on the lines of the Bodies Corporate (Joint Tenancy) Act, 1899.

The following Bill was introduced in the Council of State on the 30th August, 1927 :—

COUNCIL OF STATE BILL NO. 11 OF 1927.

A Bill further to amend the Presidency-towns Insolvency Act, 1909, for certain purposes.

WHEREAS it is expedient further to amend the Presidency-towns Insolvency Act, 1909, for the purposes hereinafter appearing ; It is hereby enacted as follows :— III of 1909.

Short title.

1. This Act may be called the Presidency-towns Insolvency (Amendment) Act, 1927 .

Amendment of section 7, Act III of 1909.

2. To section 7 of the Presidency-towns Insolvency Act, 1909 (hereinafter referred to as the said Act), the following proviso shall be added, namely :— III of 1909.

“ Provided that, unless all the parties otherwise agree, the power hereby given shall, for the purpose of deciding any matter arising under section 36, be exercised only in the manner and to the extent provided in that section.”

Amendment of section 15, Act III of 1909.

3. After sub-section (2) of section 15 of the said Act, the following sub-section shall be added, namely :—

“(3) On the making of the order admitting his petition, a debtor shall—

(a) unless the Court otherwise directs, produce all his books of account, and

(b) file such lists of creditors and debtors and afford such assistance to the Court as may be prescribed,

failing which the Court may dismiss his petition.”

Amendment of section 36, Act III of 1909.

4. In sub-sections (4) and (5) of section 36 of the said Act, for the words “ If, on the examination of any such person, the Court is satisfied,” the words “ If on his examination any such person admits ” shall be substituted.

Amendment of section 112, Act III of 1909.

5. After clause (k) of sub-section (2) of section 112 of the said Act, the following clause shall be inserted, namely :—

“(kk) filing of lists of creditors and debtors and the affording of assistance to the Court by a petitioning debtor.”

STATEMENT OF OBJECTS AND REASONS.

Section 7 of the Presidency-towns Insolvency Act, 1909 (III of 1909), gives the Insolvency Court, subject to the provisions of the Act, full power "to decide all questions of priorities, and all other questions whatsoever, whether of law or fact, which may arise in any case of insolvency coming within the cognisance of the Court, or which the Court may deem it expedient or necessary to decide for the purpose of doing complete justice or making a complete distribution of property in any such case".

Section 36 empowers the Court *inter alia* to summon before it any person "supposed to be indebted to the insolvent," and to require such person to produce before it any documents in his custody or power relating to the insolvent, his dealings or property. If on such examination of such person, the Court is satisfied that he is indebted to the insolvent, it may, on the application of the Official Assignee, order him to pay to the Official Assignee the amount in which he is indebted. This section taken alone does not empower a Court to enquire into and decide a claim which the alleged debtor does not admit.

2. The two sections are to some extent opposed to each other, and the practice of the Courts, as a result, is not uniform. The Calcutta High Court gives the greater weight to section 36 on matters coming within the scope of that section, and realises debts from debtors of the insolvent only when those debts are admitted. The Madras High Court, on the other hand, gives greater weight to section 7 and decides, as part of the insolvency proceedings, disputes between the Official Assignee and the alleged debtors of the insolvent. The Civil Justice Committee discussed the matter in paragraph 29 of Chapter XIV of their report (page 241).

3. It is considered expedient to amend the Act so as to secure uniformity of practice, and references to the various High Courts have shown that the Calcutta practice is generally preferred. Clauses 2 and 4 of the Bill secure that this practice shall be generally followed and are designed to remove the opposition between section 7 and section 36 by providing that the latter section shall prevail in matters falling within its scope. The amendments are so drafted that they will not prevent the Court from deciding a dispute between the parties concerned if they submit themselves to its jurisdiction.

4. The amendments to section 36 also help to make the position clear, and bring the wording of that section into line with section 25 of the English Bankruptcy Act of 1914.

5. Further, under section 112 of the Act, the Bombay and Rangoon High Courts have made rules under which every debtor who files a petition for adjudication as an insolvent is obliged to lodge forthwith in the office of the Official Assignee all books, papers, writings, accounts, and vouchers relating to his estate with a list thereof signed by himself, and also a statement of his moveable and immoveable estates. The Calcutta High Court has, as a matter of practice but without making any rules, similarly required such a petitioner, except when very special reasons to the contrary were shown to exist, to lodge his books of account, explain the position of his affairs to the Official Assignee, and furnish a list of the names and addresses of all debtors and creditors, before the passing of an adjudication order. This practice has been declared to be *ultra vires* in a judicial decision of that Court, and as the legality of the rules framed by the other High Courts in this matter might also be successfully challenged, it is proposed to amend sections 15 and 112 of the Act in the manner indicated in the Bill. Clauses 3 and 5 are intended to give effect to this proposal.

VIII of 1894. VIII of 1878.

Amendment of Act XXV of 1925.

4. The second item of the Schedule to the Bamboo Paper Industry (Protection) Act, 1925, is hereby repealed. XXV of 1925.

THE SCHEDULE.

AMENDMENTS TO BE MADE IN SCHEDULE II TO THE INDIAN TARIFF ACT, 1894..

(See section 2.)

For Items Nos. 155 and 156, the following shall be substituted, namely :—

155	PRINTING PAPER (excluding chrome, marble, flint, poster and stereo), all sorts which contain no mechanical wood pulp or in which the mechanical wood pulp amounts to less than 65 per cent. of the fibre content.	Pound.	One anna.
156	WRITING PAPER—		
	(a) Ruled or printed forms (including letter paper with printed headings) and account and manuscript books and the binding thereof.	Pound.	One anna or 15 per cent. <i>ad valorem</i> , whichever is higher.
	(b) All other sorts	„	One anna "

STATEMENT OF OBJECTS AND REASONS.

This Bill amends in three respects the Bamboo Paper Industry (Protection) Act, 1925, which added entries 155 and 156 in the Import Tariff Schedule (Schedule II to the Indian Tariff Act, 1894).

2. Firstly, by entry 155 a protective duty of one anna per pound was imposed on printing paper containing less than 65 per cent. of mechanical wood pulp, the intention being to exclude newsprint (which usually contains 65 per cent. or more of mechanical pulp) from the protective duty, and leave it under the revenue duty of 15 per cent. *ad valorem*. It has recently been held, however, that entry 155, as worded, excludes from the protective duty not only 'newsprint' as defined by the Tariff Board, but also paper containing no mechanical wood pulp at all. The effect is that the protective duty does not apply to a class of imported paper with which paper manufactured in India particularly competes, and to this extent the Act fails of its intended purpose.

This Bill, therefore, makes printing paper containing no mechanical wood pulp liable to the protective duty of one anna per pound, with retrospective effect from the 21st September, 1925, the date on which the Bamboo Paper Industry (Protection) Act became law.

The Bill also empowers the Governor-General in Council to recover the difference between the protective duty and the duty at 15 per cent. *ad valorem* in the case of all paper containing no mechanical wood pulp on which duty has been paid at 15 per cent. *ad valorem* only, and which was imported between the 21st September, 1925, and the date on which this Bill becomes law.

3. Secondly, for more than a year after the passing of the Act, the Customs authorities calculated the percentage of mechanical wood pulp mentioned in entry 155 on the fibre content of the paper; but in January, 1927, it was held that the entry, as worded, required that the percentage should be calculated on the *total weight* of the paper, including 'loading'. It was represented by importers that the effect of this interpretation was to bring within the scope of the protective duty large quantities of imported 'newsprint' which it was the intention of the Legislature to exclude, and the Tariff Board was, therefore, asked to report whether any, and if so what, changes were desirable in those entries in the Tariff Schedule which regulate the duty payable on newsprint.

The Board has recommended that entry 155 should be amended so as to make it clear that the percentage is to be calculated on the fibre content and not on the total weight. The effect will be to exclude from the operation of the protective duty certain classes of newsprint which were actually excluded up to January, 1927, but have since been included. This Bill gives effect to the Tariff Board's recommendation.

4. Thirdly, by entry 156 a protective duty of one anna per pound was imposed on writing paper, including ruled or printed forms and account and manuscript books and the binding thereof. It has been represented that this protective duty is in some cases substantially less than the former revenue duty of 15 per cent. *ad valorem*. Thus the Act is not only causing an unnecessary loss of revenue, but is also depriving the printing trade in India of the tariff assistance which it previously enjoyed. This Bill, therefore, amends entry 156 so as to make the duty one anna per pound or 15 per cent. *ad valorem*, whichever is higher.
